Detailed Action

1. Claims 1-4, 5-10, 13, 15, 12, 14, 34, 16-19, 20-25, 28, 30, 27, 29, 35, 31, 32, and 36 are presented for examination. This office action is in response to the amendment filed on 9/20/06.

Terminal Disclaimer

2. The terminal disclaimer filed on 9/20/06 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of US Patent application No. 10/526,747 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Information Disclosure Statement

3. Receipt is acknowledged of information disclosure statement filed on 9/20/06, which the statement has been placed of record in the file. Information disclosed and listed on PTO 1449 was considered.

4. Examiner acknowledges applicant's statement (filed on 5/23/2006) submission of a translation of a non-English reference titled "Datenarchivierung mit SAP", however, the examiner could not locate the translation. These documents have been considered as per MPEP § 609 which states:

If no translation is submitted, the examiner will consider the information in view of the concise explanation and insofar as it is understood on its face, e.g., drawings,

chemical formulas, English language abstracts, in the same manner that non-English language information in Office search files is considered by examiners in conducting searches.

As the examiner's understanding of German language is nil, if the Applicant desires consideration of these documents in their entirety, as opposed to the statement of relevance provided in the specification, Applicant should submit an English translation.

5. The status of the related U.S. applications or patents (e.g., USP application No. 10/656,208, 10/526,747, 10/526,751, etc.) should be included as appropriate in the CROSS-REFERENCE TO RELATED APPLICATIONS section and in any other corresponding area in the specification, (e.g., U.S. Patent Application Serial No. ###/###,### filled Sept. 07, 1990, now abandoned;..., now U.S. Patent #,###,### issued Jan. 01, 1994; or This application is a continuation of Serial Number ###/###,###, filed on December 01, 1990, now abandoned; ...etc.), if any.

REASONS for ALLOWANCE

6. The following is an Examiner's statement of reasons for the indication of allowable subject matter: renumbered claims 1-33 are allowable over the prior art of record because a search does not detect the combined claimed elements as set forth in the claims 1-33. Specifically, claims are allowable over the prior art of record because none of the prior art of record teaches or fairly suggests a method, a computer system, and a software on a tangible computer readable medium for moving a data object from

a first to a second storage location utilizing two different locks as described in the specification and together with combination of other claimed element as set forth in the claims. Therefore, claims 1-33 are allowable over the prior art of records.

7. Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably **accompany** the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons For Allowance."
